WHAT IS SUNSATIONS?

Sunsations camps are designed to engage your child in a variety of fun summertime activities!

These camps are split into 4 groups of about 20 children, based on age. These groups participate in different activities each day. Our Sunsations camps philosophy is providing campers with exposure to a variety of fun learning activities. We base our weekly activities on cooking, art, science, sport, and team-building. This means your camper will be engaged with a new and exciting activity everyday!

Every Wednesday, we have a surprise event that will take place at Mid-Sun. Throughout the weeks, these events may include anything from a magician visiting our facility, to an inflatable water slide for water day!

Every Thursday, Sunsations camps visit Midnapore Lake for a day of swimming and summer fun. We have a life guard on staff to ensure your children are safe when in the water.

On Fridays, we visit a new field trip location, visiting places like the Zoo, the Telus science center, and Granary Road.

ALL ABOUT OUR SPECIALTY CAMPS

Our variety of Specialty Camps are a fantastic way for your child to learn a new skill this summer and make life-long friendships! They run similar to the Sunsations camps, however they spend most of their time on the theme of the week.

From arts and science to basketball and soccer, our specialty camps have something for every type of interest!

From Monday to Wednesday campers in Specialty Camps will be taught by our energetic and knowledgeable Leaders about the theme they have enrolled in! Specialty Camps do participate in some of the Sunsation's activities, like cooking, art, and sport, to help break-up the day and keep the campers engaged in the week's theme!

Specialty Camps join the Sunsations camp on Thursdays to visit Midnapore Lake. This day is spent relaxing at the beach and swimming in the water.

We have a lot of activities planned for the Specialty Camps, so on Fridays they spend the day at Mid-Sun continuing to learn more about their skill.

Our Specialty camps are always some of our most popular camps and we here at mid-Sun are extremely lucky to have such great staff bring their skills and passions to these camps
